

A research fellow for a difficult case.

Your clinician suggested WhatDx to help reconstruct the history, research the uncertainty and prepare a concise clinician-facing dossier.

CLINICIAN-SUGGESTED PATHWAY

Start the clinician pathway

1. Scan the QR code.
2. Save the research token securely.
3. Gather your reports before starting.
4. Allow 30+ minutes for the first interview.

Research access: INR 799.

No referral fee or medical-industry tie-up.
